

**State of Alaska  
FY2008 Governor's Operating Budget**

**Department of Natural Resources  
Facilities Maintenance  
Component Budget Summary**

## Component: Facilities Maintenance

### Contribution to Department's Mission

To provide a tracking system for DNR's estimated facility maintenance costs, as required by legislation enacted as SLA98/CH90.

### Core Services

This component is set up to receive "authorization" from the DNR operating components that expend money on facility maintenance. Over the course of the fiscal year, individual components will track their expenditures for facility maintenance, and at year-end we will do an accounting adjustment to move the expenditures into this component. On an annual basis, this component will contain all facility maintenance costs incurred by DNR's operating divisions.

### FY2008 Resources Allocated to Achieve Results

<b>FY2008 Component Budget: \$300,000</b>	<b>Personnel:</b>	
	Full time	0
	Part time	0
	<b>Total</b>	<b>0</b>

### Key Component Challenges

To reduce the duplication of accounting and record keeping DNR chose to collect this information at the point of origin in the specific components and then at the end of the year to adjust and collect department-wide information in this budget. Although the intent of creating this component is a good, the definitions for facilities maintenance are not clear, but we will do our best to comply with the legislative intent.

### Significant Changes in Results to be Delivered in FY2008

There is no change in results for FY07.

### Major Component Accomplishments in 2006

Not applicable.

### Statutory and Regulatory Authority

SLA98/Ch90
